members were also absent at the Nigeria Chapter PDC.

There was a security incident involving Dr. Yassin our invited guest speaker at the PDC, where his travelling bag was stolen. With the help of the Nigeria Police Force the bag was eventually recovered, though his money and laptop were not recovered, but his medication, travel documents were all recovered.

**Learning Points:**

- More security is required during Nigeria Chapter PDC especially when international guest are expected.
- Members are urged to be vigilant while attending the conference and ensure that we look after our properties.
- The incoming executives were advised to devise strategies to encourage members' participation.

**Members Comments:**

Ambassador FEK Nakpodia appreciated the efforts of the members and executives who worked hard to ensure that the PDC took place.

5.3 **2018 GLOBAL PDC SAN ANTONIO TEXAS**

The out-going President (Stephen Udezi) invited members who attended the global PDC in San Antonio Texas to give an analysis of the events:

- The Nigerian Night was combined with the Global Reception. Members observed lack of coordination and poor representation of the Nigerian Culture.
- There was a feedback session after the global reception, which was good for review and for members' input, this was highly appreciated
- The Nigerian members' attendance was lower than usual, probably due to the economic crisis.
- The exhibitions arena was not as full as previous PDCs.
- The lectures were more organized as access to the materials was easier.
- There was a research arena, with posters and access to researchers, which was good for academics.

**Recommendations:**

1. The Nigerian Chapter should have a representative inclusive of the executives to liaise with the global/regional body to organize the Nigerian Night together with the global reception. This will
  - a. Reduce cost,
  - b. Ensure better cultural representation and
  - c. Enhance Nigeria Chapter visibility.
2. Devise strategies for group travels towards the 2019 PDC, visa applications, tickets, hotels to reduce travel cost and simplify the process.

He urged that in planning activities, the executives do not get distracted from the business of ASSP, which is leading the way with safety standards, regulations and practice of the profession. He encouraged the executives to take advantage of the pledged support of members, other organizations and make positive changes in Safety management.

Yusuf Malgwi: He supported Herbert's comments on making the association stand out. He also recommended to the executives to formally invite ISPON for their meetings, if not anyone who attends without due, representation from ISPON should abide by the rules of the house like any other member. He then apologized on behalf of ISPON for the disruption caused at the previous PHC meeting.

7.1 **PEACE MISSION TO ISPON:**

With the MOU between ISPON and ASSP, there was need for ASSP to come into ISPON crisis. The President Daniel Osadiaye appointed Herbert Nwaka on behalf of ASSP Nigeria Chapter to chair the conflict resolution committee. Members agreed with this suggestion. Herbert Nwaka gracefully accepted to chair the committee.

After deliberations the house agreed on the following:

- To avoid bias, the head of the committee should not be a member of ISPON but other members could be depending on choice of who can deliver.
